Tel: 727.538.7167 Ext. 2062

Machining Apprenticeship

Highlights

- Tuition Exempt
- State Registered
- Four Individual Programs
- Evening Classes
- Use as a Company Benefit
- Earn College Credits
- Certified Instructors Working in the Trade

Tuition Exempt

No tuition cost to the apprentice or the employer. Your tax dollars at work.

State Registered

The TBMA® - Tampa Bay Machining Apprenticeship® GNJ is State Registered through the Florida Department of Education.

Four Individual Programs

- Machinist
- Mold Maker
- Tool & Die Maker
- NC Machine Operator (CNC Programming)

Evening Classes

Classes are held Monday and Wednesday evenings from 4:30– 8:30 PM. New classes begin quarterly. Please call for the next start date.

Earn College Credits

PTEC and St. Petersburg College have an agreement, whereby an apprentice who successfully completes the apprenticeship program will be eligible for 24 credit hours towards a degree in Industrial Management Technology.

Certified Instructors

The instructors are seasoned journeymen or engineers who are currently working full time in their respective trades.

How Do I Get Started?

Applicants must be the age of 18 or older and have a high school diploma or GED.

To see if you or your business qualifies or to apply for the program, call **727-538-7167, Ext. 2062**. You may also email me or complete the form below and mail or fax it to me.
